## DESIGN

### Concept

Powerful music system that streams your favourite music via AirPlay, DLNA or Bluetooth. Delivers superior sound big enough to fill even the most spacious loft - and the built-in room adaptation adjusts the sound perfectly according to the surroundings.

### Craftsmanship

Iconic in shape, elegant in appearance and gorgeous in sound, the BeoPlay A9 has already been labelled a design classic but still has the ability to evolve because of the different customisation options it offers. Change the front covers and wooden legs to match your style and your home.

### Base unit

White Black

### Cover colours
